

Clinician

Primary location: **Florham Park, NJ**

Schedule: **Full-Time (Monday-Friday)**

Shift: **Days**

Overview

Atlantic Health System is seeking a full-time Clinician for the Behavioral Health Department at Morristown Medical Center. The shift for the role will vary.

Entry level offer starts at \$33.00 / hour and increase based upon experience, credentials, education, and roles and responsibilities

Responsibilities

Job Function: 01. Provides specialized crisis counseling services to sexual assault program clients. Provides assessment of client needs, including the need for treatment of emotional behavioral, and substance abuse issues; and provides assessment, planning and interventions for issues related to sexual assault. Provides individual, group and family counseling for sexual assault clients and their significant others. Provides crisis intervention counseling and back up to the volunteer advocates for callers to the MCSAC Hotline 24/7. Provides in-person crisis intervention counseling for victims of sexual assault and abuse, and for their families. Triage for clients requiring additional psychiatric, or substance abuse services and provides appropriate referrals. Provides follow up regarding the final disposition of calls taken by volunteer advocates to ensure that the patient is helped in linking to appropriate services. Completes necessary documentation and charting of client encounters and mail

Job Function: 02. Advocates for positive social change; and provides advocacy services for individual clients and their families. Works with other community services to advocate for services for sexual assault victims and their families. Provides police, medical and court accompaniment for sexual assault clients, as needed.

Job Function: 03. Assists the MCSAC Coordinator in managing the day-to-day operations of the MCSAC program, adhering to contractual obligations established programmatic and clinical standards. Assists maintaining systems to facilitate efficient and effective sexual assault support operations, and maintenance of systems for accurate reporting and tracking of client information. Assists the Program Coordinator with quality assurance activities of the MCSAC program using current sexual assault information, chart reviews and assessment of services through client satisfaction endeavors. Provides back up hotline coverage during evenings and weekends, as needed. Submits monthly and quarterly program statistical reports to the coordinator for MCSAC.

Job Function: 04. Provides education to the community, such as schools, universities, and police departments, and to other service agencies about the problem of sexual assault, including how to

Atlantic Health System
